Former Washington Distance Champion Now Trying for Pennsylvania Relay Team.

Seitz Holds Four Records.

Setz is now the holder of four Amateur Athletic Union champion-ships. He won the 100-yard national championship at Travers' Island in September, and the 60 and 75 yards in-door ehampionships of the metropoli-tan district in Madison Square Garden on November 3, having previously won the South Atlantic Association champ-ionship in this city in May. Last year he captured the Canadian championship at the century distance against the fastest men of this country and Canada. Two years ago at the Federal games, the former Georgetown starmade a new world's record of 6 1-5 seconds for sixty yards.

Seitz will have his work cut out for him next month, however, when he meets Cartmell, of Pennsylvania, the intercollegiate sprint champion, and Captain Whitam, also of the Quaker institution and a close second to Cartmell in both the century and furlong intercollegiate events. Those three men, with Huntr, also of Pennsylvania, champion of Australia, and credited with 9 4-5 seconds in the "100," and several Virginia and Hopkins sprinters will make the invitation 50-yard dash one of the most uncertain and exciting events on the program.

Fishing for Conner.

Fishing for Conner. In addition to Hunter, Saitz and Cart

In addition to Hunter, Satz and Cert-mell, Manager Foley said last night he expects that Louis Conner, the for-mer high school and local A. A. U. distance champion, but now a fresh-man at the University of Pennsylvania, to come down for the one-mile run handicap. Trainer Mike Murphy is getting Conner in shape for the mile, expecting to use him on Pennsylvania,

# ENORMOUS NUMBER

Makers of O'Brien-Burns Pictures Say 218,642 Photographs Were Taken of Scrap and Prelims.

The sporting and dramatic writers East Gun Carriage. who have witnessed the motion pictures of the O'Brien-Burns twenty-round bout, are loud in their praise of them as ple tures. They almost are a unit in saying that from the standpoint of clearness and of faithful detail to everything that took place from the time the con-testants shook hands until the final bell, they are a distinct success. The pictures of the fighters are life

size, and so faithfully did the camera do its work that it is an easy matter to pick out spectators at the ringside, recognize the club promoters, reporters, and others who attended in an official capacity. In addition to a reproduction of the actual fight and preliminary wrangles the pictures also show scene from the training quarters of the men. The local engagement of the pictures will be at Masonic Hall, Tuesday, Wed-

lay, and Thursday of the coming

The average spectator has but little idea of the large number of distinct and separate photographs that must be taken by the operators before a set of pictures at Los Angeles on Thanksgiving eve, are in a position to verify the above statement. By actual count, be-fore the twenty rounds had been com-pleted. 218,642 pictures were recorded on the films. They are clear and show every maneuver of the entire bout with striking fidelity. This was made possi'de because they were made with the mercury-vapor tubes, known as the Cooper-Hewitt lights, the discovery of Mr. Cooper Hewitt, a son of the late

## PECULIAR VICTORY OF PACER PAT S.

Beat a Whippett Two Straight 200-Yard Heats for \$1,000 Bet.

It is said that the genial and generou local harness horse barometer, Charles McDermott, has presented to a friend, a Mr. Shields, of Philadelphia, the pac-ing gelding Pat S.

There is linked with this horse an unusually interesting story. Påt S. is a member of the famous Abdaliah family. He is now well along in years and has a race mark of 2:18%. At an early age—when two years old—he fell into the hands of Dr. Lewis Tubbs, a well-known horseman of Maryland.

After handling him for two years Dr.

Tubbs was impressed with the notion that Pat S. was a phenomenon, and while talking with a party ρf gentlemen at the Pimlico Club one night, expressed

Pat S. vs. Dog.

"Why, I've got a dog that can beat him." remarked another member of the

"Not for \$1,000 of my money," replied Tubbs.

"You're on," was the reply, and the wager was made.

Then the conditions of the race were broached. Dr. Tubbs very reasonably conceived that he was to race Pat S. against a horse. But his opponent named a whippett dog called Whipps, supposed, at that time, to be the fassiest canne in the world, and named these conditions: Two hundred-yard heats, best two in three, Pat S, to go to harness and have a flying start, and Whipps to be sent away from a standing start. to be sent away from a standing start. And Pat S. Won.

The race took place over the Pimilco track, and Tubbs drove the horse. Pat S. won the first heat in ten seconds flat,

and the second one in ten and a quarter seconds, a gait that has seldom, if ever, been shown by a pacing horse either before or since that event.

The most interesting talk of the past week among local harness horse men has been about a proposed match between John J. O'Keefe's gelding, Flinch and the Boston horse Rio Del Diablo. It is understood that a New England man well known on race tracks for nis versatility has stated that he will match Rio Del Diablo against Flinch for \$1,000 or any amount up to \$3,000, the race to be mile heats, best three in five, to take place on or after the 15th day of next July.

## JUDGE POST SURPRISES IN MAGNOLIA STAKES

Reputation for Bad Acting Makes His Price Liberal and He Wins-Lowe Pilots Palloday and

Coincident to Victory.

NEW ORLEANS, La. Jan. 5.—In the Magnolia Selling Stakes this afternoon the Burlew & O'Neill horse, Judge Post, was always in a good position, and won handlily from Brooy and Columbia Girl.

But for the had was in which he agts.

But for the bad way in which he acts off flying and set the pace to the three-at the barrier, Judge Post would not quarters, where he backed up to nothing, have gone out at the price he did, which was 10 to I. Burlew himself was conwas 10 to 1. Burlew himself was content to bet \$50 straight and \$50 to show. Columbia Girl had all kinds of bad luck in the race, being cut off on the first turn, and again turning wide into the stretch for home, besides having the bridle come back on her neck, while Envoy was subjected to a good deal of crowding by Tommy Meade, who was out in front on Elfall. The race was run in good time—1:40 fiat.

Stocksel came to life in the first, winning at 8 to 1. Mazapan was second and Bersy, the favorite, third.

In the baby race Katie Rains showed no appreciation of the rain and rath fourth at odds-on. Magazine won. With Creston second.

Platoon, Don Domo, and Slickaway was the finish of the third. Slickaway was the odds-on favorite.

Elizabeth F. romped away from her field in the fifth, winning by seven
